Members of the Idaho Water Resource Board today voted unanimously to increase the amount of a loan it made to the Live-More Lake Community Association near Sagle.

The Board increased the Association's original \$35,000 loan by \$6,000 for a total amount of \$41,000. The Association, made up of 13 homes, said it needed the additional money to finish drilling a new community well.

Association members requested an emergency meeting of the Board so that they can finish the well before winter.

The loan is on a 15-year note.
